**ATTENTION CHEMICAL RIGHT-TO-KNOW PROGRAM: HPV CHALLENGE**

The Dow Chemical Company supports and is an active participant in the HPV Challenge Program, the ICCA Initiative and OECD SIDS through the U.S. EPA and other jurisdictions.

The chemical substance CASRN 77-86-1, 2-amino-2-(hydroxymethyl)-1,3-propanediol is being withdrawn from the EPA HPV Program because the majority of the product is used in applications subject to the Federal Food, Drug and Cosmetic Act (FFDCA). The TSCA volume will be corrected for the 2006 Inventory Update Report (IUR).

Sincerely,

Linda C. Burgert
